

Life is Beautiful

But it's going extinct. Rainforests are cut to graze beef. Oceans are overfished. Global warming puts biodiversity at risk.

Did you know that consuming a pound of steak is equivalent to driving 25 miles in your car?

Source: Rainforest Action Network

That going vegetarian saves three acres of tropical trees annually?

Source: United Nations Food & Agriculture Organization.

Peace on our plates brings Peace to everyone's environment.

Go Vegetarian. For Life.

Visit uua.org/ufeta to learn how.
